LOAY MOHAMED ALI ISMAEL

DATA ANALYST | HEALTHCARE ANALYTICS

Assiut, Egypt | +20 111 688 2902 | loaymohamed165@gmail.com
LinkedIn | GitHub | Portfolio

SUMMARY

Data Analyst with a clinical foundation and hands-on portfolio projects in healthcare operations, appointment attendance, and hospital readmissions. Uses Microsoft SQL Server, MySQL, Power BI, Excel, and Python data-analysis libraries to clean, validate, explore, and communicate data. Interested in applying analytics to healthcare operations.

TECHNICAL SKILLS

Databases & SQL: Microsoft SQL Server, MySQL, SQL queries, filtering, JOINs, GROUP BY, aggregate functions, CASE expressions, data validation.

BI & Reporting: Power BI, Power Query, DAX measures, calculated columns, data modeling, date tables, interactive dashboards, KPI reporting.

Data Analysis: Excel, PivotTables, charts, lookup functions, data cleaning, exploratory data analysis, descriptive statistics.

Python & Tools: Python fundamentals, Pandas, NumPy, Matplotlib, Seaborn, SQL Server Management Studio (SSMS), Jupyter Notebook, Google Colab, Git, GitHub.

PROJECTS

Hospital Emergency Room Dashboard | Power BI, Power Query, DAX

- Prepared and transformed hospital emergency-room data, then built an interactive dashboard to explore patient volume, admissions, wait times, demographics, referrals, and satisfaction.
- Created date fields and calculated measures to support operational monitoring and trend analysis.

Medical Appointment No-Shows Analysis | MYSQL

- Cleaned, enriched, and validated 110,519 appointment records using MYSQL queries and data-quality checks.
- Found a 4.65% no-show rate for same-day appointments compared with 28.52% for future appointments; longer lead-time groups generally showed higher no-show rates.

Hospital Readmission Analytics | SQL Server, Power BI

- Analyzed 102,000+ hospital encounters and approximately 72,000 patients, using SQL analysis and a Power BI report to examine readmissions and length of stay.
- Reported an 11.16% 30-day readmission rate and an average length of stay of 4.40 days.

EDUCATION

Bachelor of Nursing — Faculty of Nursing, Assiut University, Egypt

October 2021 : December 2026

PROFESSIONAL FOCUS

Healthcare analytics, hospital operations, health informatics, and research-oriented applications of AI in Medicine.
